Last time buy (LTB) is: 2020, January 1<sup>st</sup>

Last shipment (LTS) is: 2021, January 1<sup>st</sup>

Please note that the support for microEnable IV x4 frame grabbers and accessories will be continued for up to five years from LTB date.

We regret for any inconvenience caused. Silicon Software sales, distribution and marketing team stand at your disposal to assist you in placing your company's final orders and/or in providing information about the replacing products.

As replacement product we recommend marathon Camera Link frame grabber boards, **microEnable 5 ACL** (article no. 150601) and **microEnable 5 VCL** (article no. 150621)<sup>1</sup>. These Camera Link frame grabber boards support image acquisition from simultaneous Base Camera Link cameras, as well as single Base, Medium and Full configurations. Power over Camera Link (PoCL) is supported.

For additional information of the replacement product please refer to our documentation.

In case of questions we kindly encourage you to contact your Silicon Software sales person in charge in due time.

Dr. Klaus-Henning Noffz  
Managing Director

SILICONSOFTWARE GmbH

Uta Mersiowsky  
Product Manager
